

# HOW TO TRANSITION FROM OFFICE WEAR TO EVENING WEAR

**UGLYMONA.COM**

## How to Transition from Office Wear to Evening Wear

Every hardworking gentleman deserves a satisfying and balanced work week. With the stressful pressure of deadlines and commitments, a man needs to indulge in some quality evenings out. Once a week--ideally on Fridays—it's nice to have dinner with some coworkers or attend a trendy lounge with the guys. This

leisure time offsets the tedium of work life, allowing you to feel rewarded for your day-to-day toils.

When it comes to having a solid evening, a man needs to prepare the right look. Showing up in a bar or lounge with a tacky disco-looking dress shirt is only going to repel ladies

and embarrass your entourage. So, please be wise and take some key dressing pointers.

First of all, do not think that your evening wear has to be entirely different from your work wear. This is a common fallacy that tricks men into thinking they need two separate wardrobes, which

## How to Transition from Office Wear to Evening Wear

is entirely untrue. In fact, a lot of the refined attire that men wear to work can easily be transformed into respectable evening wear and appears more impressive. So, you should never worry about being over-dressed.

Other notable trends this season are metallic shirts.

While they are on the flashy side, this trend can be easily dressed down with a simple office jacket or blazer. Plaid is another option that is still a strong fashion choice for casual settings. To make plaid work for evenings, choose darker colors such as charcoal, purple or navy. On chilly nights, you can throw on a black or grey
